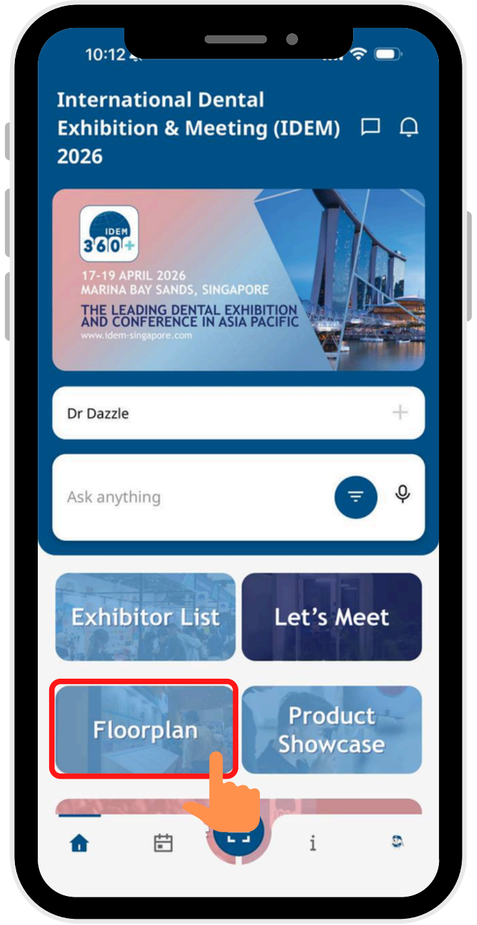
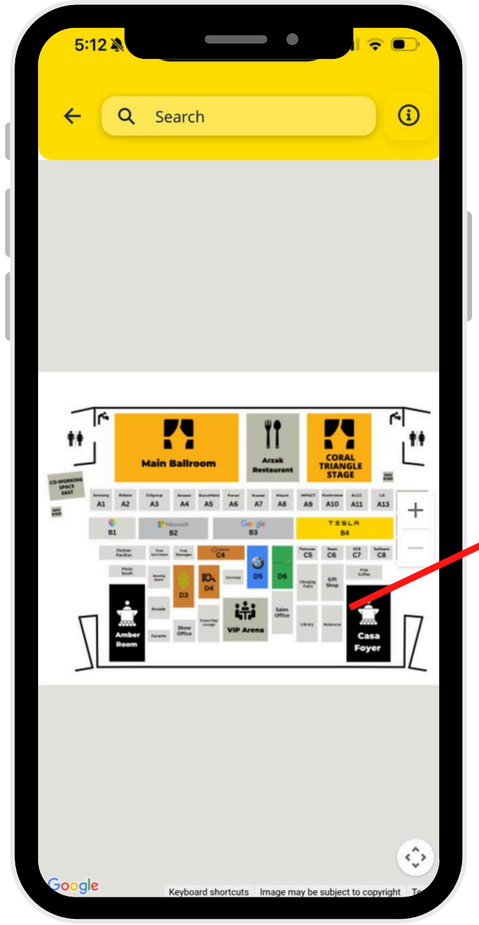
GETTING AROUND THE PLATFORM

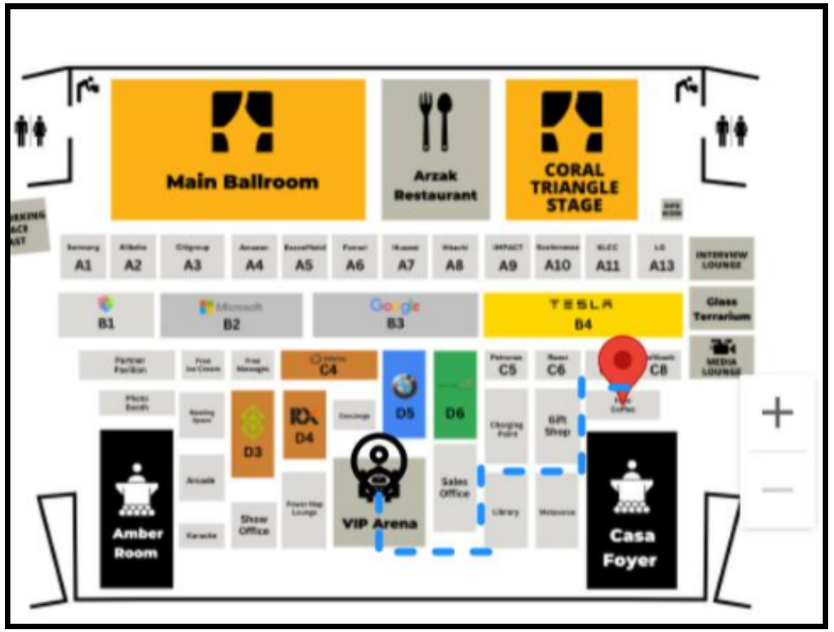
EXHIBITION

NAVIGATE THE EXHIBITION WITH THE FLOORPLAN

The IDEM360+ platform features an interactive floorplan that helps you easily locate booths and exhibitors, view exhibitor details directly from the map, and plan your route around the exhibition hall.



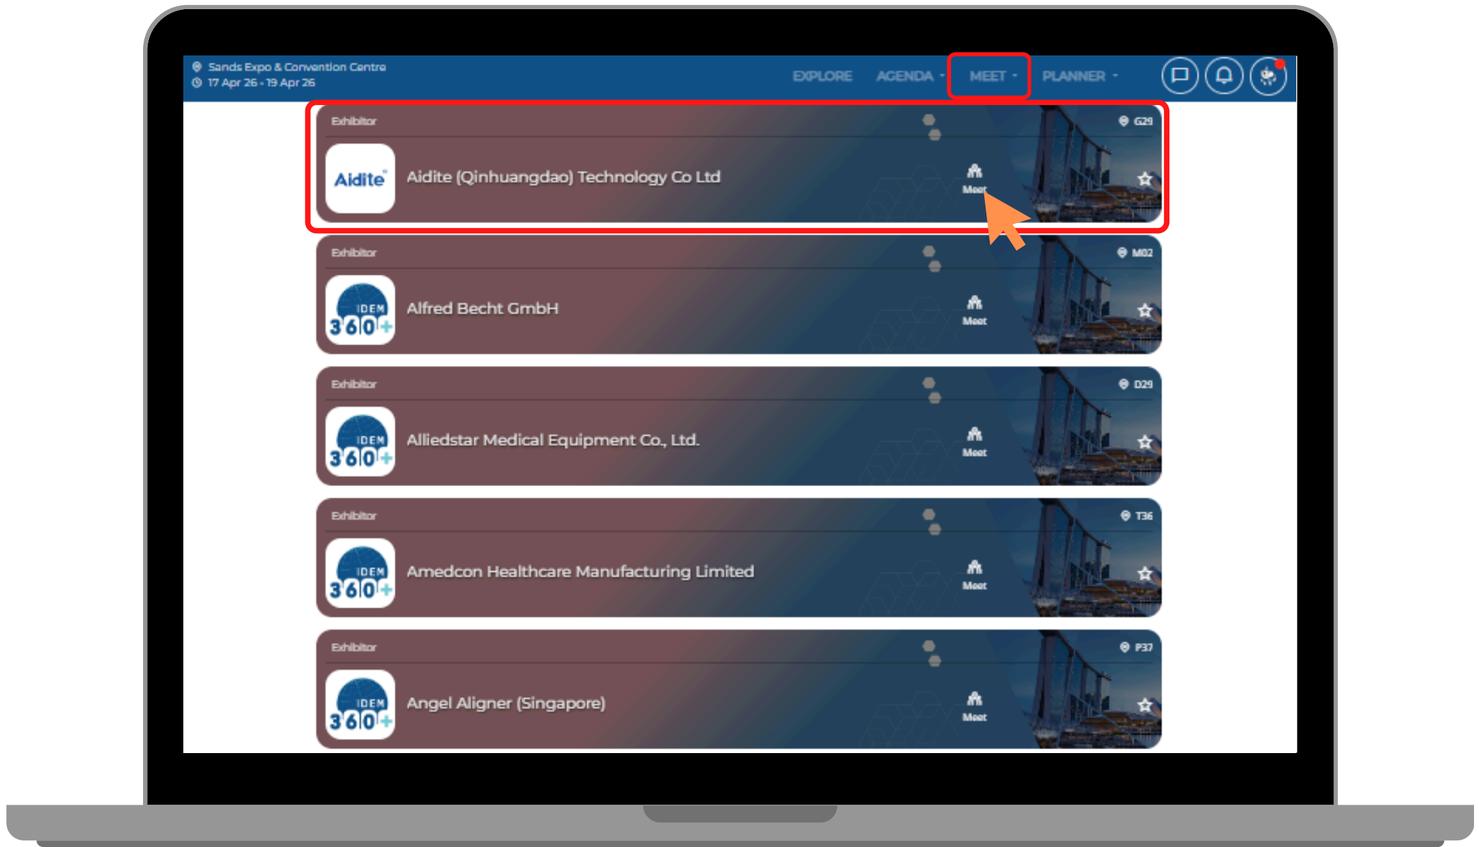


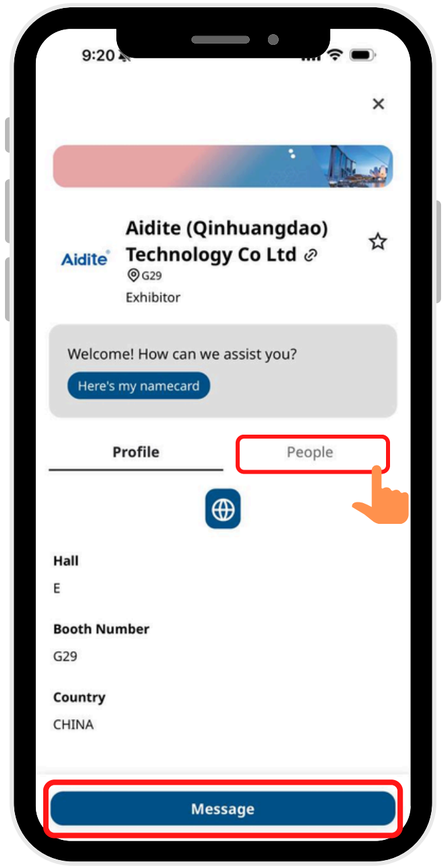


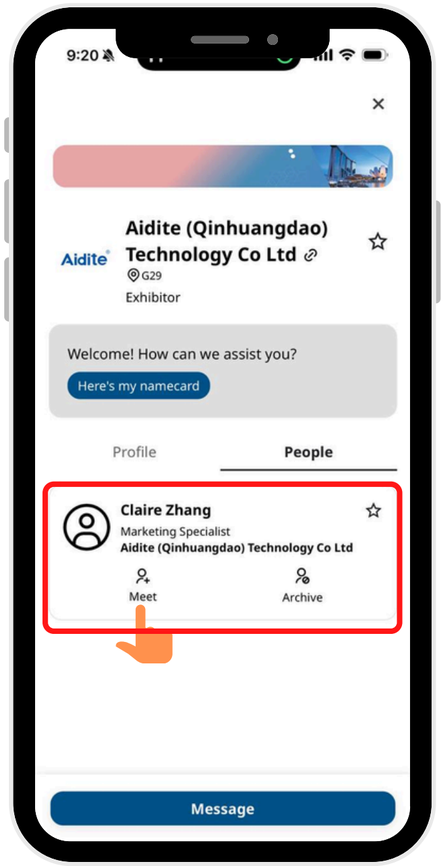
Disclaimer: Floorplan shown is for illustrative purposes only and does not represent the actual IDEM exhibition layout.

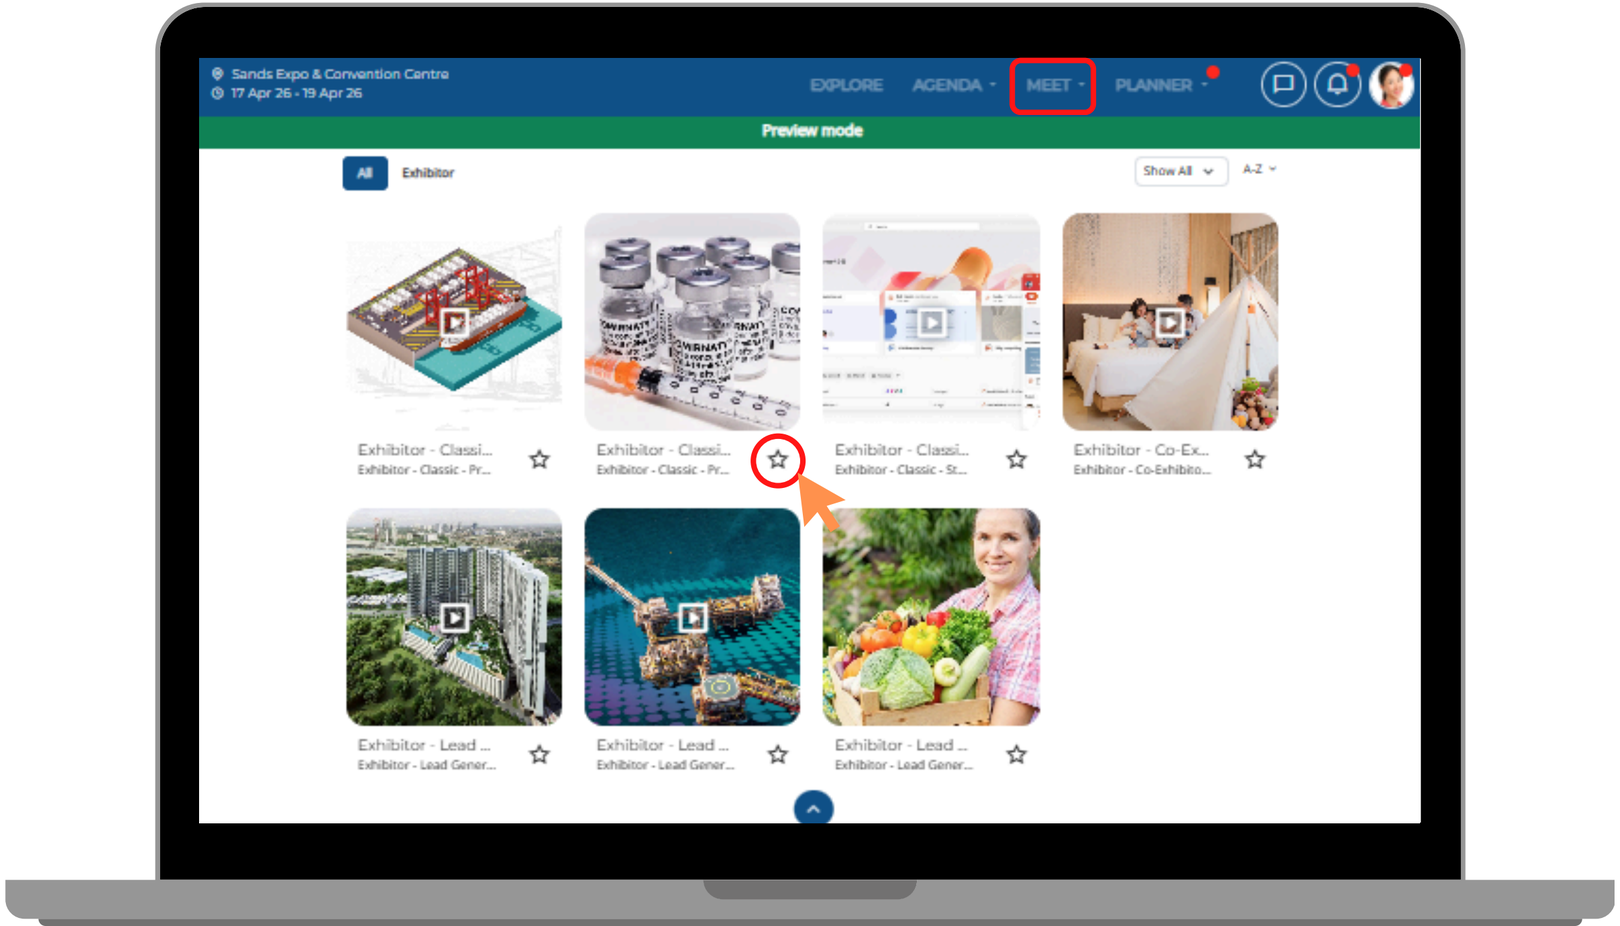
CONNECT WITH EXHIBITORS DIRECTLY

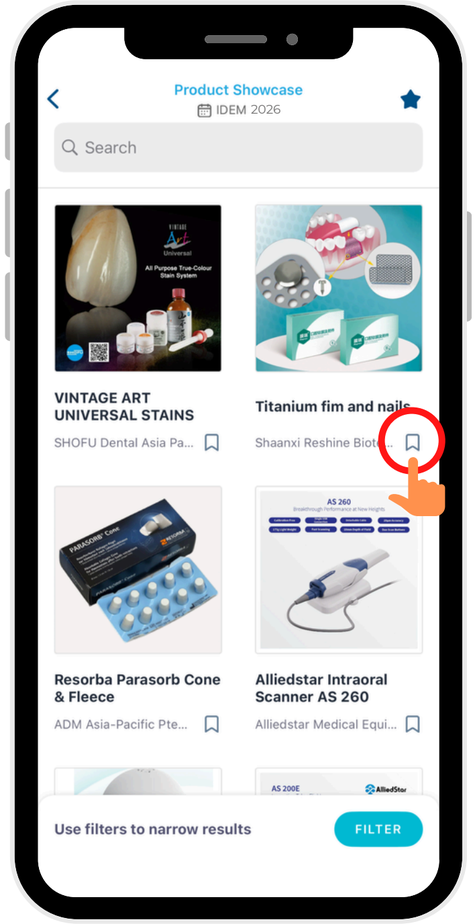
Under the "Meet" tab, select Companies to browse participating exhibitors. From here, you can view company profiles and products, start a chat with exhibitors, or arrange a meeting with a dedicated company representative during the event.







PRODUCT SHOWCASE




Under "Meet > Products", browse exhibitors' featured products and add them to your wishlist. This makes it easier to discuss specific products with exhibitors when you visit their booths.
